**Just Move Your Feet!**

Just move your feet. Move to the beat. (x2)

'Cos when you're down an' friendless,
Feel your trouble's endless,
Let the music take you into freedom!
Just open up and listen.
Feel that beat 'n' rhythm.
Let the music take you into freedom!
Can't stop movin' when you feel that beat,
Gotta move your arms, gotta move your feet!
Can't stop movin' when you feel that beat,
Gotta move your feet right now!
'Cos it'll pick you up, it'll shake you down,
It'll make you smile.

Well show you how, help you turn things round.
Get up off that ground!

Just move your feet. Move to the beat. (x2)

Don't take too long in choosin',
Get your body movin'.
Let the music take you into freedom!
No matter what they tell ya,
There is nothin' better.
Let the music take you into freedom!
Can't stop movin'... (etc.)

So when you're down, keep the music loud.
Dance away that frown!

**Chorus L.**

Come on and do it!
Don't take too long in choosin'... Just move your feet...

**Chorus R.**

All Move! Move your feet!

**She's Givin' Him Grief Again**

**Sam** She's singin' the same old song.
Nothin' but trouble goin' on,
and it's always me that's in the wrong.
Always me that's in the wrong.
But everything she does turns out right!
Tell me: how is it try as I might
It's always me that's in a fight?
Always me that's in a fight.

**Chorus** She's givin' him grief again,
Like she's done since she was ten.
Seems like it'll never end.
Will it ever end?
She's givin' him stress again,
Like she's done since she was ten.
Seems like it'll never end.
Times like this he needs a friend.

**Sam** Accordin' to mum 'n' dad
It's always me that's drivin' 'em mad.
Whatever I try it turns out bad.
It always turns out bad.
She's winnin' this and she's winnin' that.
But me? I always fall down flat.
And who shows me a welcome mat?
I'm just something they pick at.

**Chorus** She's givin' him grief again... (etc.)

**Sam** You're thinkin' you're so cool.
Think you can treat me like a fool?
Why do I bother getting out of bed?
She just messes with my head.
She messes with my head! (Oh, oh...)

**Chorus** She's givin' him grief again... (etc.)
Gotta Make Things Different

Sam  I wish I was part of something…
Feels like I just don't belong.
Been like this far too long.
I'm tired of being the one,
The one who's always in the wrong.
I'm sick of feeling just like
I'll never lose this anger.
Wish it would melt away,
'Cos all the fighting an' shouting,
All the stuff I'm doing,
Don't wanna live this way.

Sam / Chorus
Gotta make things different somehow.
I know I've got to change,
Must find a new way to be.
Gonna make a start from right now,
Just like a brand new page.
I know I need to be a brand new me.

Sam  Don't wanna feel so down.
I have to lose this frown.
I know that this is my time,
And from today I'm moving on.

Chorus
I'm sick of feeling just like...

Gotta make things different somehow... (etc.)
Oo-oo, I know I've got to change,
Must find a new way to be.
Gonna make a start from right now,
Just like a brand new page.
I know I need to be a brand new me.

Sam  I need to be a brand new me.

There’s Always One

Dee (& Chorus L.)
There's always one, and it's always him.
There is no way we can let him in.
He will be trouble, of that we're sure.
Trouble just ain't what we're looking for.

Taylor (& Chorus R.)
All that you're saying, it may be true,
But we don't know what he's going through.
Why not find out where he's coming from?
He needs a chance – a place he can belong.

Taylor  I agree Sam's got a lousy track record –
but so has Mitch! Sam just needs a break.

Dee  Give up, Taylor. I've never even seen
him dance.

Taylor  Well now's your chance!

Taylor & Chorus R.
We've all had chances been given to us.
Give him a break! Stop making a fuss.
If it turns out the decision was wrong
He won't stay for long!

Chorus Left
Dee's told you once and he's told you twice.
You'd better listen to his advice.

Taylor & Chorus Right
Mitch lets you down then your chances are slim.
Look over there! The solution might be him.
Everything Is Looking Different

Everybody needs a way they can succeed.
It's a fact of life that all of us agree.
I've been angry, I've been losing self-control
What I need's an aim, a purpose or a goal

Situations often filled me with despair.
Guess I gave up trying 'cos I didn't care.
But I'm changing, rearranging how I see.
Feels like this could be a turning point for me.

So I've got to choose it, get a grip and move it.
From today I want to live a better way.

Everything is looking different now
'Cos today all the world looks new somehow.
And tomorrow when the sun comes up
I will rise, I will shine: I'm not the same now!
No more hiding in the dark for me
Now I've opened my eyes and I can see.
There's a strength and a freedom in me,
So I know I'll never be the same.

I've been tired of facing problems on my own,
Wishing for a friend to text or call my phone.
But I'm changing, rearranging how I see.
Feels like this could be a turning point for me.

So I've got to choose it, get a grip and move it.
From today I want to live a better way.

Everything is looking different now... (etc.)
[key change]
Everything is looking different now... (etc.)
...Never be the same!

Today’s A New Day

Chorus L.
Today's a new day, they're on the move.
Today's a new day, so much to do.

Chorus R.
They're getting closer to their goal.
They can get there if they try.
They're getting closer to their goal.
Gotta keep on moving, aiming high.

Chorus
They know just where they're going,
No intention of slowing,
With their eyes fixed on the prize.
And the challenge is
The thing that drives them...
 Chorus R. ...on.

Chorus L.
Today's a new day, they're on the move.
Today's a new day, so much to do.

Chorus L.
Today's a new day, They're on the move.
Today's a new day, so much to do.

Chorus R.
Today's a new day, They're on the move.
Today's a new day, so much to do.

All  Aiming high now,
    Aiming high now,
    Aiming high now,
Yes, they're aiming... high!
Got A Bucket And Brush

**Blaze / Chorus L.**
Got a bucket and brush, Can I give your car a wash?
If I give it a shine I can make it look real fine.
See, I need to work. Gotta buy some threads today.
Yes I need to do this job. I gotta get paid.

**All**
Come on, come on, come on,
'Cos we need you,
Come on, come on, come on.
Can't you see that we need
A way to find some money?

**Hypnotiks / Chorus R.**
I'll make your windows shine,
And my hourly rate is cheap.
You know you need to see the view easily
And you can trust the job to me.

**Blaze / Chorus L.**
You'll get it done so cheap!
You'll be getting a good deal!
'Cos we're (they're) second to none
And when the work is done
We know that you'll be very pleased.

**All**
Come on, come on, come on... (etc.)

**Blaze/Hypnotiks**
We wanna work, we ain't gonna shirk.
All we want's a little money!
Would it hurt to let us iron your shirt
Being broke it just ain't funny.
We wanna work, we ain't gonna shirk.
All we want's a little money! Go on, give us a job!

**All**
Can I sweep your floor? Can I help you do your chores?
'Cos I work so slick I can get 'em all done real quick.
See I need to work. Gotta buy some threads today.
Yes I need to do this job. I gotta get paid.

Come on, come on, come on... (etc.)

Ching, kerching, kerching, kerching ching.
(x2)

Kerching!

Go on, go on, go on,
Count your money!
Go on, go on, go on,
'Cos you worked real hard
And you're getting double money.

Ching, kerching, kerching, kerching ching.
(x4)

Streamline / Move It!

Move it! Come on and move it.
Just move it, don't give up on it now!

Move it! Come on and move it.
Just move it, don't give up on it now!

[Dance break]

They are strong
When they can act as one.
Together they belong, moving on.
Now the time has come:
Move it!
Bring It On!

Sam (or All)
The future looked so hazy.
Thought I was going crazy.
Something happened
To make everything amazing!

Sam & Nicole (or All)
Now the world looks brighter.
My heart is feeling lighter.
Something’s changing
And I know which way I’m going.

All
So we say ‘bring it on!’
The future’s ours, where we belong.
And now we know when things go wrong
It’s not the end, so let’s move on.

Once we were disconnected.
And it’s so unexpected:
Something’s happened
To make everything amazing!

Lonely days behind us.
Together’s where you’ll find us!
Something’s changing
And we know which way we’re going.

So we say ‘bring it on!’
The future’s ours, where we belong.
And now we know when things go wrong
It’s not the end, so let’s move on.

[Dance break]

So we say ‘bring it on!’
The future’s ours, where we belong.
And now we know when things go wrong
It’s not the end, so let’s move on.

The future’s ours, so bring it on!
